PROCEEDINGS AND DEBATES OF THE 116th CONGRESS, SECOND SESSION

Vol. 166

WASHINGTON, TUESDAY, JANUARY 28, 2020

No. 18

House of Representatives

The House met at 10 a.m. and was called to order by the Speaker pro tempore (Mr. BUTTERFIELD).

DESIGNATION OF SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC,
January 28, 2020.

I hereby appoint the Honorable G.K. BUTTERFIELD to act as Speaker pro tempore on this day.

NANCY PELOSI,
Speaker of the House of Representatives.

MORNING-HOUR DEBATE

The SPEAKER pro tempore. Pursuant to the order of the House of January 7, 2020, the Chair will now recognize Members from lists submitted by the majority and minority leaders for morning-hour debate.

The Chair will alternate recognition between the parties, with time equally allocated between the parties and each Member other than the majority and minority leaders and the minority whip limited to 5 minutes, but in no event shall debate continue beyond 11:50 a.m.

QUESTIONS TO THE SENATE

The SPEAKER pro tempore. The Chair recognizes the gentleman from Texas (Mr. GREEN) for 5 minutes.

Mr. GREEN of Texas. And still I rise, Mr. Speaker, and I rise today because I have a question. I have a question for posterity. I have a question for those who reside and dwell within the Senate. I have a question, but I also have a predicate for the question.

The predicate is this: Knowing what you know, knowing that the National Security Advisor was in the room with the President, knowing that he has in-

dictated that there were concerns within him with reference to the President's dealings with other countries, heads of state, knowing that he took his consternation to the Attorney General of the United States of America, knowing that the Attorney General expressed some concerns as well, knowing what you know, that the National Security Advisor, not just another person in the room but the person who advises the President on concerns with reference to our security, knowing this, how can you possibly thwart efforts to have the National Security Advisor give testimony before the Senate in the impeachment trial?

I have another question. This question is one for eternity.

Knowing that the hands of history are writing your legacy, knowing that future generations, that your grandchildren, that the people who will look to you for leadership will read what the hands of history will record, knowing that history will afford you the opportunity to be on the right side, the right side of history, how can you possibly decide that you will conduct yourself in a trial for the ages such that history will record that you were on the wrong side of history?

My dear friends, this is bigger than you. It is bigger than all of us. This is about the country we love and government we have.

We have a great opportunity to do justice in the Senate, and the only way we can do justice is to have witnesses testify.

I said before that I believe that there would be 51 Senators who would vote to have witnesses. Today, I am absolutely confident that there will be 51 or more Senators who will move to have witnesses present themselves and give testimony. To do otherwise would allow the greatest country in the world to have history record that, when we had the opportunity to stand up for the Constitution, some of us turned our backs and looked the other way.

This is your time, Senate. This is your time, Members of the great deliberative body. I beg that you will do what you must and have witnesses present themselves so that we will have history record that we did the right and just thing.

The SPEAKER pro tempore (Mr. CARSON of Indiana). Members are reminded to address their remarks to the Chair, not to a perceived viewing audience.

NAVIGABLE WATERS PROTECTION RULE

The SPEAKER pro tempore. The Chair recognizes the gentleman from Pennsylvania (Mr. THOMPSON) for 5 minutes.

Mr. THOMPSON of Pennsylvania. Mr. Speaker, last week, I had the pleasure of joining the Environmental Protection Agency and the Army Corps of Engineers in Pittsburgh, Pennsylvania, for an event announcing NWP, or the Navigable Waters Protection Rule, a rule that will replace the flawed 2015 WOTUS, Waters of the United States rule.

For decades, there has been confusion and never-ending litigation over WOTUS. During my time as chairman of the House Agriculture Committee's Conservation and Forestry Subcommittee, which included watersheds and oversees environmental policy regarding agriculture, I heard from many farmers and ranchers, landowners, and environmental advocates about just how harmful WOTUS was to their businesses and to their way of life.

WOTUS was a gross overreach and particularly dangerous for the agriculture industry, as vast new areas of farmlands would be subject to the Clean Water Act and costly new permitting mandates for the very first time, even beyond our farms and ranches. Anyone who owned any property, private property rights would be
